

ACME TB706 Smooth-Pad tablet stands out by its small size and big power. Computer display is 7", it weighs 300 g and operates ~6 hours when fully charged. Dual Core Cortex processor and Android 4.2.2 operating system ensure smooth operation of programs and browsing on the web. 8GB flash is enough for storing all important documents, favourite music, best pictures and interesting videos. These are just a few of the features, while the combination of all of them for a very good price becomes an extremely attractive proposal! Small in size, big on power!

## Features
