

Release yourself from tangled cables with ACME BH203G Bluetooth on-ear headphones! They are wireless and compact, thus, convenient to use and easy to carry around. As you may guess from the title, they feature Bluetooth connection, therefore, are easily paired with any enabled devices for wireless music listening. They have integrated rechargeable battery which offers up to 11 hours of continuous music playing so you can easily take headphones to the long trip or forget the last time you charged them if you listen few hours of the music a day. In addition to that, they are controlled by one hand since all the buttons are integrated on the right cup. Another great feature – passive mode. In case of dead battery, you can simply plug the regular 3.5 mm aux cable and continue to listen to the music.
